11  
12 **AVAILABILITY**

13  
14 This schedule is available only where a Customer receives a license from the Energy  
15 Department for the operation of a renewable generating facility.  
16

17 **APPLICATION**

18  
19 This schedule is applicable to any residential Customer that owns or leases a licensed  
20 Customer-operated renewable generating facility with a capacity of not more than  
21 twenty-five (25) kilowatts. This schedule is not applicable to residential dwellings used  
22 for business purposes, separately metered garages, workshops, barns or similarly  
23 detached structures which may be associated with a primary residential dwelling but not  
24 inhabited by humans for domestic purposes. This schedule is not applicable to licensed  
25 boarding or rooming houses served by a single meter.  
26

27 **CHARACTER OF SERVICE**

28  
29 Service under this schedule shall be single-phase, 60 Hertz, alternating current at the  
30 Energy Department's available standard residential voltage. At the option of the Energy  
31 Department, three-phase service may be provided. All residential service required on the  
32 premises by the customer will be supplied through one meter. Standby or resale service is  
33 not permitted under this schedule.  
34

35 **DEFINITIONS**

36 "Grandfathered Customer" means a Customer who meets the criteria set forth in Provo  
37 City Code 12.03.080(5), which generally applies to Customers who had obtained or  
38 applied for a license for a Customer-operated renewable generating facility as of October  
39 4, 2016.  
40

41 "Net Metering" means the Customer will be charged for energy supplied by Provo City  
42 Power according to the applicable energy charge under the Monthly Rate portion of this  
43 Schedule and will be credited for energy generated and transferred to Provo City Power  
44 as specified in this Schedule.  
45  
46

76  
77  
78 **SPECIAL CONDITIONS**

79 The Customer shall be billed for the electricity supplied by Provo City Power during each  
80 billing period in accordance with this Schedule. The Customer shall be credited for the  
81 kilowatt-hours generated during the billing period in accordance with this Schedule.  
82 Except as provided herein, unused credit shall be carried forward to the successive billing  
83 period.

84 The Customer shall also be charged any applicable Customer fees or charges, including,  
85 but not limited to, those Customer fees and charges paid by other Provo City Power  
86 Customers in the Customer’s rate class. Credits described above shall not offset fees and  
87 charges, but shall only be used to offset rate charges for electric energy supplied to  
88 Customer by Provo City Power.
