ELECTRIC SERVICE SCHEDULE NO. 8 (Continued)

The Energy Department reserves the right to enter the customer’s premises, without being subject to trespass, at all reasonable times for the purpose of inspecting, maintaining and installing or removing equipment or facilities. The customer may be requested to reimburse the Energy Department for the cost of any maintenance work required due to vandalism.

LIMITATION OF SERVICE

Lights to be served under this schedule shall be located, in the opinion of the Energy Department, where they are easily and economically accessible to the equipment and personnel required for construction and maintenance. Steel poles may only be located where they are easily accessible to an Energy Department bucket truck.

The Energy Department, while exercising reasonable diligence at all times to furnish service, does not guarantee continuous lighting and will not be liable for damages resulting from any interruption, deficiency or failure of service. The Energy Department also reserves the right to interrupt service at any time for necessary repairs to lines and equipment or for system protection. The customer will assume responsibility for keeping trees, shrubs and other plants clear of the lighting fixture and the wires serving the lighting fixture.

CHARGES FOR UNDERGROUND SERVICE

If underground service is requested by a customer, he will reimburse the Energy Department for the total cost differential between a standard overhead configuration and the requested underground configuration. Customer may also pay actual cost for any install.
