Schedule No. 20 Energy Cost Adjustment (ECA)

Due to volatile and unpredictable power costs, the Energy Department will determine an ECA approximately every 6 months, likely in March and September of each year. The ECA is calculated to collect, or refund the base power costs as calculated on cents per kWh basis. Prior to changing the ECA, notice will be given to the Administration and Municipal Council.

(See Rate Schedule 20 for exact ECA formula)

Schedule No. 21 Telecom Debt Charge

<u>Billing Rate Code(s): E1TC, E15C, E15T, E18T, E25k, E25T, E25V</u>	<u>Monthly Rate</u>

Schedule No. 6	\$2,000 + .34%

**A flat fee as required to generate the \$268,000 amount after applying the rates above*

Availability

This schedule is available at any point on the Energy Department electric system where facilities of adequate capacity and standard residential voltages are available.

Application

This schedule is applicable to all electric service points of those who voluntarily participate in this schedule.

Monthly Rate

The customer's monthly utility bill will show the number of requested one hundred (100) kWh blocks multiplied by the rate shown below, as amended from time to time by the Municipal Council. The monthly bill amount is in addition to all other rates, charges, taxes and fees contained within the applicable rate schedules. The monthly charge is one dollar and fifty cents (\$1.50) per one hundred (100) kWh block.

Renewable Energy

In accordance to monthly subscription rate and quantities purchased by customers, renewable energy from wind, hydro and/or solar resources will be purchased by UMPA and certified with the applicable "renewable energy credits – RECs" for the delivery into the power grid as part of the UMPA power supply mix. Renewable energy will be purchased, scheduled, billed and managed by UMPA to meet the demands and interest of the program. UMPA will have sole discretion to purchase and/or build renewable resources to meet the requirements of the renewable program. The UMPA renewable program will be regulated and governed by the UMPA Board of Directors.

Conditions

- Customer must be in good standing to enroll into the program.
- Customer may cancel the service or modify the number of blocks at any time. However, the customer will be responsible for renewable services and charges until the end of the billing cycle. After a customer request to cancel or modify, the City will stop at the end of the next billing cycle or modify the billing of the blocks at the start of the next billing cycle.
- The City and UMPA agree to identify and track all funds associated with the program.
- An administrative fee of ten percent (10%) may be included in the rate. The City may collect and use five percent (5%) of the rate to cover the billing costs. UMPA may collect and use five percent (5%) of the rate for marketing materials.
- The City will give notice to the Renew Choice customers sixty (60) days in advance for any rate changes to Renew Choice approved by the City.

Tax Adjustments

The amount computed at the above monthly rate shall be subject to taxes, assessments and surcharges imposed by Provo City or any governmental authority authorized to levy said taxes, assessments or surcharges.

Terms and Conditions

Service under this schedule will be in accordance with the Energy Department's electric service standards and policies and terms and conditions set forth by the Department's standard application requirements and Provo City ordinances, including any future additions or amendments.

****Closed Rate****

Closed Rate is a rate no longer offered to new customers.
