8 **Residential**
9 **Pilot Optional EV Time-of-Use**
10

11
12 **AVAILABILITY**
13

14 This schedule is available at any point on the Energy Department electric system where facilities
15 of adequate capacity and standard general service voltages are available. This schedule shall be
16 available to up to 100 customers on a first-come, first served basis, and upon the installation of
17 required Time-of-Day metering equipment. In the event that such installation may be delayed
18 due to installation schedules or limited availability of such metering equipment, customers shall
19 be placed on a prioritized list for service as such installation schedules or metering equipment
20 become available.
21

22 **APPLICATION**
23

24 This optional schedule is for electric service used exclusively for residential purposes in
25 conjunction with Schedule 1. Applicable to all household energy use for homes with qualifying
26 EV charging system.
27

28 **CHARACTER OF SERVICE**
29

30 Service under this schedule shall be single-phase, 60 Hertz, alternating current at the Energy
31 Department’s available standard general service distribution voltages. At the option of the
32 Energy Department, three-phase service may be provided. All service required on the premises
33 by the customer will be supplied through one meter. Standby or resale service is not permitted
34 under this schedule.
35

36 **MONTHLY RATE**
37

38 The monthly billing for electric service, excluding charges for other utility services and taxes,
39 shall be the sum of the following charges:
40

- 41 **Customer Service Charge:** \$13.92 per Service Connection
42 **On-Peak Energy Charge:** \$0.1700 per kW/h
43 **Off-Peak Energy Charge:** \$0.0769 per kW/h
