the readings taken to determine the billed demand by multiplying the kW obtained through such readings by 95% and by dividing the result by the power factor established at the time of maximum demand during the current month. Such adjusted readings shall be used in determining the billing demand.

The Energy Department reserves the right, at its option, to utilize kVA meters, kVAR meters, and / or other appropriate meters in those metering installations where the customer's power factor is believed to be unsatisfactory on a continuous basis according to the Energy Department's standards. If such meters are installed, the billing demand in kW or kVA may be computed from such instruments.

MINIMUM CHARGE

The minimum monthly charge shall be the Customer Charge listed above under the monthly rate section.

TAX ADJUSTMENTS

The amount computed at the above monthly rate shall be subject to taxes, assessments and surcharges imposed by Provo City or any governmental authority authorized to levy said taxes, assessments, or surcharges.

TERMS AND CONDITIONS

Service under this schedule will be in accordance with the Energy Department's electric service standards and policies and terms and conditions set forth by the Department's standard application requirements and Provo City Ordinances, including any future additions or amendments.
