**AVAILABILITY**

This schedule is available at any point on the Energy Department electric system where facilities of adequate capacity and standard residential voltages are available.

**APPLICATION**

This schedule is applicable to residential electric service points of those who voluntarily participate in this schedule.

**MONTHLY RATE**

The customer’s monthly utility bill will show the number of blocks multiplied by the rate as agreed to be purchased by the customer. The monthly bill amount is in addition to all other rates, charges, taxes, and fees contained within the applicable rate schedules.

**One (1) 200kWh Block:**      \$0.1062/kWh (\$21.24/per block)

200 kWh’s credit per block for SharedSolar generation calculated from highest tiered consumed electricity.

**RENEWABLE ENERGY**

In accordance with monthly subscription rate and quantities purchased by customers, renewable energy from the Spanish Fork solar plant will be transferred by UMPA and certified with the applicable “renewable energy credits - RECs” for the delivery into the power grid as part of the UMPA power supply mix. The UMPA RenewChoice renewable program will be regulated and governed by the UMPA Board of Directors.

**CONDITIONS**

- Residential customer must be in good standing to enroll into the program and must have the utility account in individual name HOA or Master Metered accounts do not qualify.
- Residential customer may not be enrolled in any other specialized rates including but not limited to net-metering, budget billing, SharedSolar, or as otherwise determined by billing limitations.
- Customer must commit to the program as enrolled for two years. Thereafter, customers will be allowed to make one change per year. Customers may cancel the service or modify the number blocks more than one time per year for a fee of \$25.00. If a customer stops electrical services from the utility, the rate will be prorated to the end of the billing cycle.
