

**PROVO CITY ENERGY DEPARTMENT
ELECTRIC SERVICE SCHEDULE**

**NET METERING
NO. 1.1**

AVAILABILITY

This schedule is available only where a customer receives a license from the Energy Department for the operation of a renewable generating facility.

APPLICATION

This schedule is applicable to any residential or commercial customer that owns or leases a licensed customer-operated renewable generating facility with a capacity of not more than twenty-five (25) kilowatts.

CHARACTER OF SERVICE

Service under this schedule shall be single-phase, 60 Hertz, alternating current at the Energy Department’s available standard residential voltage. At the option of the Energy Department, three-phase service may be provided. All residential service required on the premises by the customer will be supplied through one meter. Standby or resale service is not permitted under this schedule.

DEFINITIONS

“Grandfathered Customer” means a customer who meets the criteria set forth in Provo City Code 12.03.080(5), which generally applies to customers who had obtained or applied for a license for a customer-operated renewable generating facility as of October 4, 2016.

“Net Metering” means the customer will be charged for energy supplied by Provo City Power according to the applicable energy charge under the Monthly Rate portion of this schedule and will be credited for energy generated and transferred to Provo City Power as specified in this Schedule.

“Renewable Generating Facility” means a facility that uses energy derived from one of the following:

- a) solar photovoltaics;
- b) solar thermal energy;
- c) wind energy; or
- d) geothermal energy.
